## The Screen Talent Agency JANICE FLINT

Production Designer

Janice's experience as a production designer covers period and contemporary equally, and encompasses single dramas (including the lives of TV icons Kenneth Williams in FANTABULOSA and Barbara Windsor in BABS), feature films, opera, comedy, and docudramas, and across most major networks. Right now, she's just wrapped on series III of the ratings-busting 'Breeders' for Sky. Based in London and having worked all over Europe and beyond, Janice is available to work worldwide.

"Janice's designs are beautiful and poetic, full of character, tone and nuance. Her designs are never generic but instead very filmic."

Dominic Leclerc - Director
